

ESD CLINIC

from **DESCO**

Road Map to an ESD Program

Static Control Solutions for ESD Protection

The clinic is designed to help individuals develop their own ESD Control program. It is 90-minutes with a 10 minute break half way through and a short Q&A at the end.

This webinar will cover:

1. Training
2. Qualified Parts List (QPL)
3. Access Control
4. Data Acquisition
5. Verification
6. Qualification
7. Product Selection for Efficiency
8. Surveys

DATE:

Tuesday, September 12, 2023
