

Comprehensive Recycling for Electronics Manufacturing

CE3S ECOclaim Solutions offers a recycling program built for the electronics manufacturing industry.

We help you stay compliant while responsibly reclaiming and recycling hard-to-handle materials.

We Recycle:

- Failed PCBs
- Dross (wave solder waste)
- Solder Paste Waste & Debris
- Packaging Plastics (e.g. reels)
- E-Waste (old laptops, printers & more – with data destruction options)

How It Works:

1. Free On-Site Assessment
2. Register & Schedule Pickups
3. Compliant, Eco-Friendly Processing
4. Reports & Certificates Provided

 See the back for a full list of accepted materials.

Let's build a greener, more sustainable industry —together.

Why Choose ECOclaim Solutions?

- **Environmental Responsibility:** Keep your company aligned with sustainable practices and reduce your carbon footprint.
- **Regulatory Compliance:** We handle all compliance and documentation, providing you with detailed recycling reports and certificates.
- **Hassle-Free Process:** CE3S manages the process to take the pain out of recycling and waste disposal.
- **Data Security:** We provide guidance on data destruction, ensuring that sensitive information is completely secure during recycling.

Additional Accepted Items

Corporate Assets/Enterprise Infrastructure

- Cables
- Cell/Smart Phones
- Circuit Boards
- Copiers/Scanners/Faxes
- Desktops
- Hard Drives
- Laptops
- Mainframes
- Mass Storage Devices
- Monitors
- Peripherals
- Phones – Conference/Office Systems
- Portable Media (External HDDs, Flash Drives, CDs)
- Power Backup Units
- Printers
- Projectors
- Security Equipment & Systems
- Servers/Server Racks
- Speakers
- Tablets
- Video/Audio Conferencing Equipment

Test Equipment:

- Oscilloscopes
- Meters
- Test Chambers
- Network Analyzers

OEM/Contract Manufacturing

- Control Panels
- Excess/Obsolete Inventory
- Unsold Material
- Floor Returns

Laboratory/Medical Equipment

- Anesthesia Devices
- Defibrillators
- General Lab Equipment
- Spectrometers
- Ultrasound Equipment

Networking/Telecom

- Modems
- Network Switches
- Receivers
- Routers
- Transmitters
- Audio/Video Conferencing

Metals & Material Scrap

- Ferrous Metals
- Non-Ferrous Metals
- Circuit Boards
- Batteries

Conditionally Accepted Items:

- Solder Dross: packaged and labeled per DOT requirements
- Fluorescent Lamps: intact, packaged and labeled per DOT & TCG requirements
- Batteries (all types): not leaking, intact and contained in circuit boards & electronic devices (unless pre-arrangements have been made and the batteries are packaged and labeled per DOT and TCG requirements).
- Ballasts: Non-leaking, Non-PCB
